AFTER DARK RAINFOREST Adventure

About the Event

Your unique experience is our priority, which is why you get to set the time and date for your tour. While we're flexible, we highly recommend pickups between 12:30MD and 1 PM (any day) for the best possible experience. Please provide your preferred dates and times during checkout, and we'll reach out to finalize everything and answer any questions you might have.

Once we arrive, we'll embark on a short 34-minute walk to spot adorable sloths lazily hanging in the trees—trust us, they're the ultimate chill masters! Afterward, we'll jump back into the vehicle for a quick 15-minute drive to another part of the forest, where the real excitement begins.

Put on your rubber boots because we're setting off on a magical night walk in the rainforest. As we wander through the dark, humid woods, you'll have the chance to see animals in their natural habitat—perhaps a curious owl, a sneaky jaguar, or some glowing insects! It's like diving into a real-life jungle adventure, but don't worry, our guides will ensure it's both safe and thrilling.

And to top it all off, we'll savor a cozy dinner right in the heart of the forest. You'll indulge in delicious Costa Rican snacks and fresh fruits—perfect for fueling your jungle explorations. It's an unforgettable night brimming with nature, surprises, and a sprinkle of rainforest magic. Come join us for this friendly and adventurous experience!

Scuba Diving

Las Catalinas Islands are home to some of the best coastal diving in Costa Rica with a fantastic variety of marine life. With more than twelve great dive sites, if you are planning to dive during your visit to Costa Rica, Las Catalinas must be on your list of places to dive. The Islands are famous for the Giant Pacific Manta Ray sightings which are typically seen over the winter months of December to May.

The Islands are also home to White Tip Reef Sharks, Eagle Rays, Devil Rays, Cow Nose Rays, Turtles, Dolphins, Moray Eels, Puffer Fish, giant schools of Jacks and Grunts. Over the months of August and September the Humpback Whales come inshore of the Islands to give birth and can be seen frequently close to the dive boats and divers are treated to whale song almost everyday during this season.

Las Catalinas dive sites are suitable for all levels of diver and snorkeler.
